SUMMARY

To start a career in a challenging and growth-oriented organization where I can leverage my skills to excel as a professional, aiming to achieve greater heights and recognition in my career. I am a passionate coding enthusiast with keen interest in app development.

PROJECTS

MESSAGE APP FOR ATTENDANCE

- Developed an android mobile application to streamline student attendance marking by selecting section, date, and attendees and send absence notifications to parent's phone numbers and even craft custom messages when needed.

TIC TAC TOE GAME

- Developed a Tic Tac Toe game with multiple level of difficulty (easy, medium, hard) where players can compete against the computer or engage in player vs player mode. Implemented two user interfaces using Pygame and Turtle.
